

# TIGER SMS DELIVERY POLICY

Last updated: 27.05.2023

Current version: [https://tiger-sms.com/payment\\_policy](https://tiger-sms.com/payment_policy)

The delivery of SMS messages or codes may vary depending on various factors such as network congestion, operator restrictions, or technical issues. The Contractor will make reasonable efforts to deliver the messages as soon as possible, but cannot guarantee instant delivery.

In case of any issues or delays in the delivery of services, the Customer can contact the support service for assistance. The support service will investigate the issue and provide the necessary resolution or information.

It is important for the Customer to provide accurate and complete information while placing the Order to ensure smooth and timely delivery of services. Any errors or inaccuracies in the provided information may cause delays or unsuccessful delivery of services.

Upon successful delivery of services, the Customer is responsible for the proper use and management of the provided information. The Contractor will not be held liable for any misuse or unauthorized access to the delivered services.

The delivery policy may be subject to change or modification at the discretion of the Contractor. Any updates or changes to the policy will be communicated to the Customers through the Website or other appropriate means.

By placing an Order and availing the services, the Customer acknowledges and agrees to comply with the delivery policy and any other applicable terms and conditions.

Delivering a number usually takes only a few seconds. However, there may be periods when certain services are limited due to the availability of numbers for specific countries. In such cases, it's helpful that can reach out to the support service for more information on when the service will become available. Additionally, appreciate knowing that the availability and availability of services are regularly updated every 60 seconds in the menu.
